

Website Development Proposal

Kaleidoscope Dental Specialists

Presented by: Xaeon Software Solutions

Proposal Date: 25 April 2026

Introduction

This proposal outlines the scope, investment, and delivery structure for the development of a premium, conversion-focused website for Kaleidoscope Dental Specialists, including the selected booking setup **Website + Google Calendar Booking + Stripe Deposit**.

The objective of this project is to deliver a high-end digital presence that reflects the clinic's specialist-led positioning while providing a smooth consultation booking journey for prospective patients.

Project Scope

The proposed project includes the design and development of a premium website consisting of approximately 4 to 5 core pages, built to reflect the clinic's brand direction, treatment focus, and conversion goals.

Included Deliverables

- Premium custom website design and development
- 4 to 5 core website pages
- Admin dashboard for manageable website content sections
- Fully responsive development for desktop and mobile
- Consultation enquiry form
- Google calendar Booking integration
- Stripe deposit set-up
- WhatsApp and phone call CTA integration
- Testimonials section
- Before & after section implementation
- Team and founder presentation sections

- Contact page with map and clinic details
 - SEO-ready structure and foundational setup
 - Launch support
 - Initial post-launch support period
-

Booking & Deposit Scope

In addition to the website scope above, the selected option includes:

- Website-integrated booking flow using Google Calendar
 - Consultation booking entry points across the website
 - Basic appointment flow setup
 - Booking journey planning and testing
 - Stripe deposit integration for consultation booking payments
-

Investment

The total investment for the selected scope is:

58,000 EGP

This investment reflects the agreed website scope together with the booking integration approach selected for the initial phase of the project.

Payment Terms

A suggested payment structure is as follows:

- 50% advance payment to initiate the project
- 30% upon approval of design and mid-development progress
- 20% before final handover and launch

Alternative payment structures can be discussed if required.

Timeline

Estimated delivery timeline: **3 to 5 weeks**, depending on response times, content delivery, and approval turnaround.

The timeline assumes that the required branding assets, content materials, media, and access details are supplied on time.

Additional Notes

- Additional content or media uploads beyond the agreed scope may require extra charges.
 - Any major functional expansion beyond the defined scope may be quoted separately.
 - Ongoing maintenance, future feature development, or advanced booking workflows can be added in a later phase.
-

Confidentiality & NDA

All project discussions, commercial terms, internal planning, visual concepts, technical recommendations, and materials shared between **Kaleidoscope Dental Specialists** and **Xaeon Software Solutions** shall be treated as confidential.

Neither party shall disclose confidential information, documents, pricing details, technical workflows, commercial discussions, or project-related materials to any third party without prior written consent from the other party, except where disclosure is required for project execution or by law.

Any files, strategy notes, concepts, wireframes, design directions, technical documentation, access credentials, media, and related business information exchanged during the proposal, planning, and delivery stages shall remain confidential and used solely for the purpose of this project.

This confidentiality understanding shall continue during the project period and remain in effect after the project concludes.
